

# The Victory of the Freedom Convoy

From January 28, 2022 to February 19, 2022, Canada witnessed a popular PEACEFUL uprising against the unwarranted dictatorial powers of our Federal, Provincial, and Municipal governments.

## 2022 Freedom Convoy Protest

January 22, 2022	Western part of the freedom convoy departed Prince Rupert, British Columbia
January 27, 2022	Eastern part of the freedom convoy departed Enfield, Nova Scotia
January 28, 2022	First part of the trucker freedom convoy arrived in Ottawa, Ontario

## Police Goons (making over \$4,000/day) Attack, Injure, and Maim Unarmed Protesters, on Orders from Justin Trudeau, Doug Ford, and Their Fart Catchers

February 14, 2022	Prime Minister Justin Trudeau invokes the <i>Emergencies Act</i> (successor legislation to the <i>War Power Act</i> )
February 17, 2022	Highly paid police goons attack the freedom protesters in front of Parliament Hill
February 18, 2022	Toronto police goons mounted on horses trample a woman protester confined to a wheelchair, resulting in serious injuries to her
February 19, 2022	Vancouver police goons shoot into the freedom protesters with enfield rifles

I have often wondered what these police goons will tell their children and grand children about what they did during the violent attacks on the peaceful protesters in Ottawa.

Do these louts have a conscience or are they like the German Gestapo or Russian NKVD who only followed orders, no matter how much they hurt their fellow human beings?

These louts dressed up as police goons discredited those police officers who conscientiously do their work.

## Immediate Results of the Convoy Protest

March 1, 2022	Ontario scraps vaccine passports and capacity limits in indoor facilities
March 15, 2022	Manitoba scraps all COVID restrictions
March 21, 2022	Ontario scraps face mask mandates, except for public transit and medical facilities
October 1, 2022	Obstinate Justin Trudeau finally scraps all COVID restrictions for entry into Canada and for rail and air travel

We are human beings and we were not made by governments.

We never signed any "social contracts" with anyone.

Our bodies are not owned by the government.

We are not slaves that are owned by the government, we are not the servants of the government, nor are we the property of the government.

All Canadians and all people of the world should be thankful to the Canadian Freedom Convoy Protesters for leading the way to end government COVID tyranny.
